*Published Every Now and Then by the Engineering Society of the University of Toronto.*

EDITOR—G. L. Roberts.

**ATTENTION—THIS MEANS YOU!**

Read this extract from the By-laws on the election of officers:

1. The President, assisted by the Recording Secretary and the Treasurer, shall conduct the poll and shall appoint scrutineers to count the ballots.

2. The names of the candidates for offices shall be printed on the ballot papers, as many offices as possible on the same ballot.

3. Each member entitled to vote shall receive his ballot from the Returning Officer, and, after marking it, shall return it to the returning officer, who shall deposit it in the ballot box.

**N.B.—VERY IMPORTANT!!!**

4. A majority of the total number of votes cast shall be necessary for election to any office. The Hare-Spence system of voting shall be used. In the Hare-Spence system of counting, the voter marks opposite the name of the candidate for whom he wishes to vote, the figure 1; while opposite his second choice for this office he marks the figure 2; and opposite his third choice the figure 3; and so on.

When the number of "first choices" are added the candidate with the lowest number goes out, and his "second choices" are distributed among the others, counting as "firsts." This method of elimination is followed until two are left and the candidate with the largest count is declared elected.

**WHAT'S UP?**

School elections that's what. Where's everybody? Right around there. What are they doing? Electioneering, smoking, bribing, having a damned good time generally. What's the joke? Nothing. What are those fellows laughing at? Nothing.

Why are they laughing? It's just School election day. Everybody is open for bribery and corruption. What a hell of a mess! But behind it all is the traditional back-bone of School, all the excess energy is on the outside while underneath lies that honest-to-goodness straight thinking which elects the best man at election time and afterwards backs him up and keeps School affairs on the top of the heap.

**HOW TO VOTE**

Vote for every candidate on the ballot after the manner of choice—1, 2, 3 etc.

Every man has a vote for each of the following Engineering society executive—President, 1st vice President, 2nd vice President, the newly appointed officer of Director of Publications, Treasurer, Secretary; Athletic Association President, Secretary-treasurer, vice President; Debating club Chairman and President of Student's Christian Association.

Every man has a vote on his respective year executive and respective club chairman.
